

**WHAT'S THIS?**  
**Valley View Ferry**

The Valley View Ferry is a small, wooden boat that carries cars and passengers across the Valley View Lake. It is a popular attraction for visitors to the park, offering a scenic view of the surrounding forest and the lake. The ferry is operated by a volunteer and is open to the public from May to October.

**GOING HOME**

When the ferry reaches the other side of the lake, it will stop and the cars and passengers will be able to get out. The ferry will then return to the starting point and wait for the next group of visitors.

# Horno

## (Adobe oven)

---

The Beehive Shaped oven, built with adobe bricks, is common in Hispanic and Pueblo communities in the American Southwest.

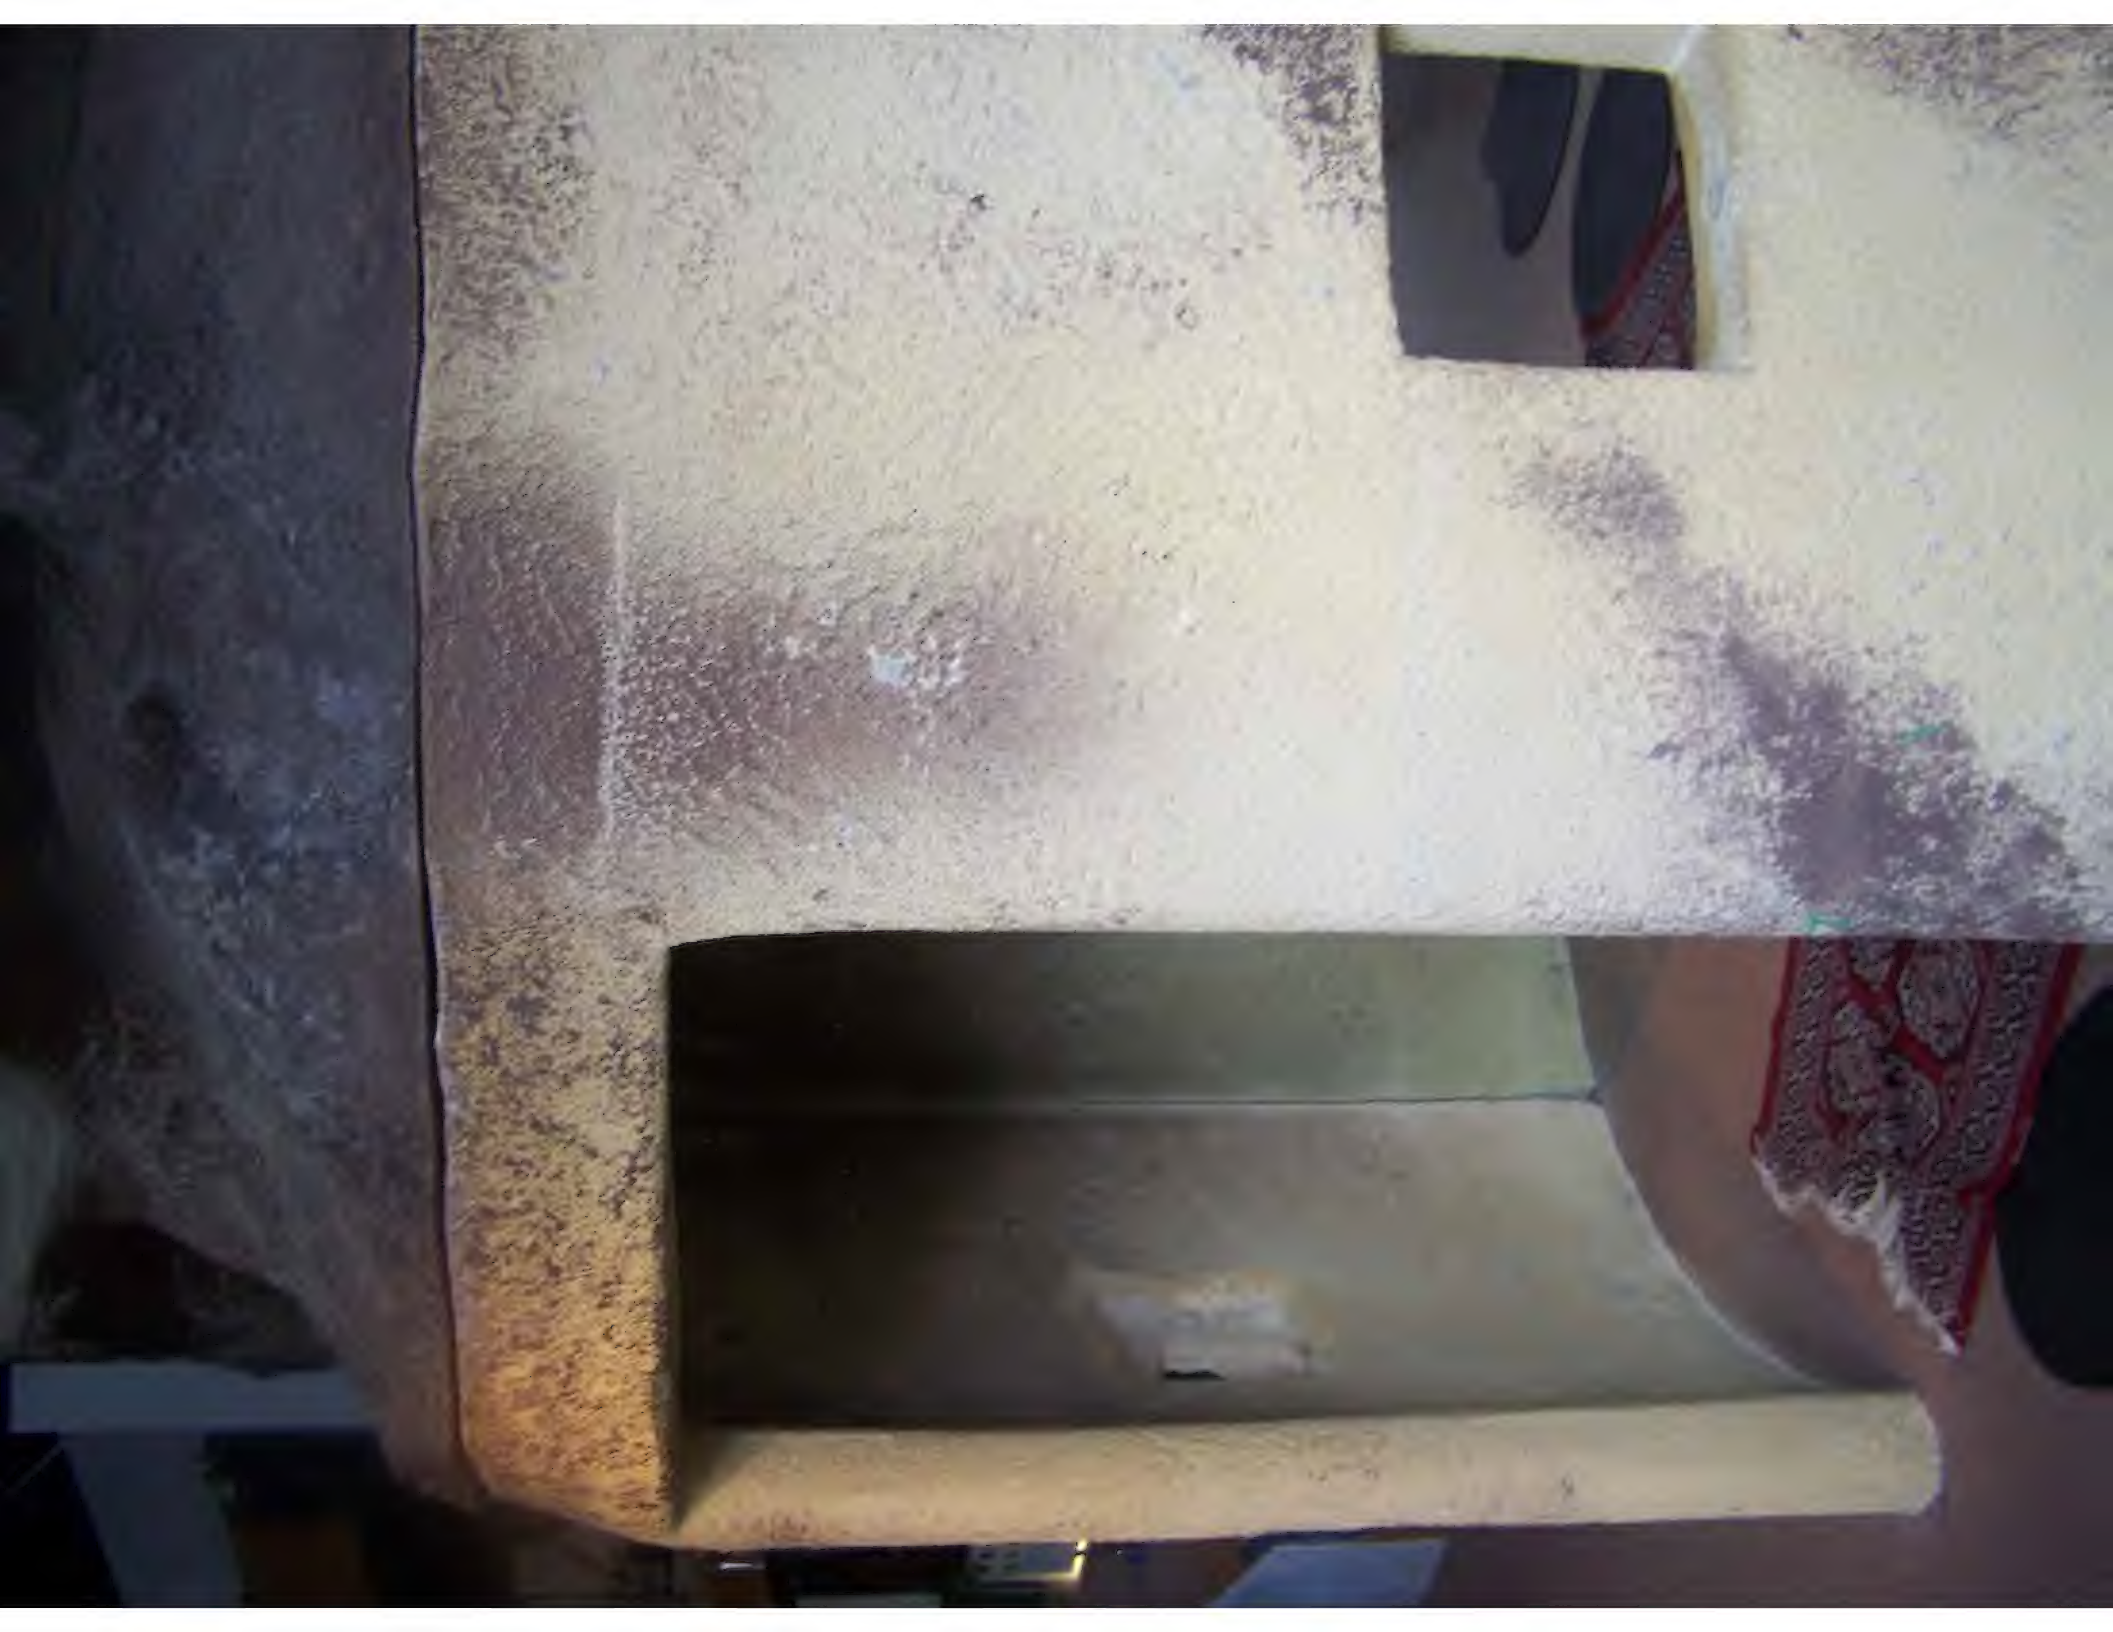

---

Building a horno is considered an art.
